

Kingfisher Tours

In accordance with CLOSURE AND RESTRICTIONS (LIMIT THE SPREAD) DIRECTIONS (NO 7), commencing 11.59pm on 23 October 2020, gatherings on or in a motor vehicle, boat or aircraft are exempt under Section 14(r) from restrictions on gatherings, unless the vehicle is being used for the dominant purpose of serving or consuming food or drink.

This means tourism operators may provide a service up to the number of persons normally permitted in their motor vehicle, boat, or aircraft. This may include more than one person per two square metres.

Tour and transport operators should adopt COVID-19 hygiene protocols and practices, including undertaking thorough cleaning and providing sanitizer products, and physical distancing for staff and customers as much as possible.
